GUIDE TO CREAMERY COMPETITIONS

1. Grading Year now coincides with the calendar year and statements supplied from the federal grading offices are applied to competition numbers 3, 7 and 8.
2. To avoid deductions from ungraded butter, make certain the advice forms to the federal graders include all butter put in print form.
3. Where butter is graded on the premises of the purchaser and due to an oversight some churnings are not graded, the manufacturer must secure from the purchaser a certified statement to this effect within 30 days, in order to avoid deductions for ungraded butter.
4. To qualify for competitions based on commercial gradings, the plant must be in operation for at least six months during 1962 and manufacture at least 100 churnings.
5. The Competitions Committee has authority to make decisions on details not provided for in competition regulations and the committee's decisions will be final.

PART II

GUIDE TO CHEESE FACTORY COMPETITIONS

1. Grading year as applied to all sections means all cheese manufactured from January 1, 1962, up to and including November 17, 1962, which is graded prior to December 31, 1962.
2. In Sections 1 and 8 the following rule applies:
"To qualify, cheese factories must be in operation for at least six months during 1962 and manufacture a minimum of 100 vats of cheese. Any cheese not graded will be considered second grade with a score of 38-90, this to be the revised grading score for all competitions."
3. All factories are automatically entered in all sections except 3 and 4.
4. The Competitions Committee has authority to make decisions on details not provided for in the competitions regulations.
